## 2021 Ninja Warrior Safety Protocols

- If required all attendees will have their temperature taken at check in.
- Masks will be available at registration and required if state guidelines change. Masks may be worn outside if social distancing cannot be maintained in our large public setting as indicated by state guidelines. Masks will NOT be worn while participating in the competitive course events.
- Social distancing is highly encouraged throughout the park and will be maintained if state guidelines change.
- Hand sanitizer will be available and encouraged throughout the park and located adjacent to each course for easy access.
- Hand washing and hand sanitizer will be required before a participant can compete on one of our three courses, as well as upon completion.
- Restrooms will be monitored and wiped down with disinfectant throughout the day.
- All apparatuses will be wiped down with disinfectant at designated times throughout the day.
- During registration, if anyone is displaying symptoms, such as cold and/or flu attendees will be asked to leave the property.

RHF will continue our ethos of safety and wellbeing to all and will be encouraged and enforced to the best of our ability.

RHF is practicing recommended hygienic protocols and following all government directives and requirements regarding COVID 19. Please be aware if the approved dates fall under a specific COVID-19 phase, RHF will require government directives to be enforced by the groups POC.
